

Keep our NHS public

SUSSEX A&E FOR SALE!

Across the city and the county we are seeing cuts, closures and job losses that are threatening our NHS like never before. Now businesses are stepping in to run Brighton and Hove's accident and emergency, orthopaedics and mental health services. It's clear that our public health service is in danger of being replaced by a US-style health care system.

Public Meeting:

**Tuesday 5th June 7:30
Brighthelm Centre**

Speakers

John Lister - National Campaigner

Mick Molloy - Brighton GMB

Phil Clarke - Local Campaigner
