

The Stop Haringey Health Cuts Coalition presents...

**PUBLIC MEETING**

# Defend Our NHS

## Save our local GP surgeries

Haringey's NHS bosses are pushing through a series of outrageous cuts and threats of privatisation. They have now threatened to close 45 of our 60 GP surgeries and open polyclinics instead – but the NHS belongs to us!

On the NHS's 60th birthday come and celebrate the NHS, and discuss how to defend our health services

# FILM SHOW

**SICKO** by Michael Moore – shocking, hilarious, inspiring

## SPEAKERS & DISCUSSION

Healthworkers and user groups, GPs, campaigners, trade unions, older people's groups, and residents

# SAT 5th JULY 2pm -

6pm

Old British Legion, 399 Tottenham High Rd, N17  
Opposite the police station. Free entry

Buses W4, 41, 76, 123, 149, 230, 259, 279, 318, 341, 359

## Save Our GP Surgeries!

Patients' protest pickets on Tuesdays 9am at the gates of St Ann Hospital (Haringey PCT HQ) - All welcome

Haringey's health managers are threatening the closure of 45 local GP surgeries out of Haringey's total of 60, forcing doctors into polyclinics. Patients, GPs & campaigners are rightly up in arms

Patients at the Evergreen House Surgery in Wood Green, have organised week patients' protests demanding the threat of closure be removed. They invite all of patients concerned about their own GP surgeries to come and join the protests against these crazy government-driven policies. You can sign a national petition over 1 million people already have...

In response to all the controversy and protests the Government's Health Secretary was forced to state: 'No current GP practices will be closed, as the new services will be in addition to existing ones and come with extra money.'

We call on all GPs and patients to demand written guarantees that their surgeries will be removed from Haringey's discredited closure programme. We don't object to additional services, as long as existing neighbourhood-based facilities are protected. We also oppose any threat of privatisation of GPs, clinics or services.

### Stop the cuts, closures and privatisation of our NHS

There have been many anti-cuts protests in the last 3 years by residents and health workers. As a result the cuts have become a public controversy, some services have been saved or relocated, and some cuts postponed. This is the same all over the UK as people oppose government-driven policies.

The NHS belongs to us! It is a public service, set up to provide good quality and free health care to everyone, throughout our lives. The NHS and Government must provide the funds for the local services we need.

The Stop Haringey Health Cuts Coalition is an alliance of residents groups, trades unions, health campaigners, user groups and political organisations. Please contact us if you'd like to join in or be kept informed...

I / we support the campaign against health cuts ..... Donation [to 'HTUC'] £.....

Name ..... Group (if any) .....

Contact details (including email if possible) .....
